Football Coach Vacancies at Just For Kicks

About Enabling Leadership

Our vision is to enable every child to be a leader – a role model, a global citizen and a positive contributor. As a global organization, we have registered non-profit entities in the Netherlands, Singapore and USA. Our programs intervene in low-income and under-resourced schools in Asia to enable children to develop important leadership and life-skills that enable children to become leaders in their schools and communities.

Our programs, "Just For Kicks" (football), "Music Basti" (music), and "Build Maya" (Lego building blocks) use a unique pedagogy and creative methods to inculcate strong belief systems, develop problem solving skills, and build a keen sense of awareness in the children we work with. Today, we reach and impact over 5,000 children in over 100 low-income schools in urban and rural India.

About Just For Kicks

Launched in 2011 with the motto 'Everyone Plays', Just For Kicks works in schools to help children garner multiple benefits of leadership development using football as a medium. Through a flagship curriculum that combines life skills with football drills, students engage in year-round rigorous training, participate in national leagues and get scouted at games, gaining exposure to sport and competition simultaneously.

Job Description

Coaching

1. Teach 48 training sessions as per the curriculum, for every team by the end of the calendar shared (July to February).
2. Conduct assessments for your students and complete all collection of data pertaining to the development of students through the academic year.
3. Be present to coach your students for all matches during the Just For Kicks League (8 to 10 weekend days over 3 months - usually November to February) and be a source of positive motivation and support for the kids through the entire tournament.
4. Focus on a life-skills teaching approach (collaboration, critical thinking, self-awareness, etc.) with your students (10 per team, 20 per training batch) through football, using the Just For Kicks life skills curriculum. Students age ranges include U8, U10, U12, U14 and U16. You will be matched to teams following the interview process.

Training & Program Quality

1. Participate in all scheduled coach trainings during the course of the program (Start of the year training of 3 days, followed by once a month meetings).
2. Work directly with your program manager on:
 - a. Receive required support (life-skills and football curriculum competencies) to develop as a coach.
 - b. Enable life-skills growth and performance improvement in football for your students through the course of the program.
 - c. Build a strong rapport with your assigned school (especially the point of contact) to be prompt and clear about communication related to requirements from the school or troubleshoot whenever needed.
 - d. Proactively solve problems to maintain program quality during the course of the year.

Data Maintenance, Communication & Conduct

1. Provide a safe environment for your students during all the sessions by checking for quality of the equipment, condition of training area, etc., and report any issues to the relevant point of contact.
2. Be accessible during the week to receive communication and act on it if required.
3. Record individual session details promptly through the assigned mobile-based app as required by the program.
4. Conduct oneself with utmost professionalism at every session and be an embodiment of the values and life skills that the Just For Kicks program believes in.

Training Scholarship and Remuneration

1. Coaches will receive a full scholarship to our coach training program.
2. Coaches who complete the training program and receive teaching placements will will receive a per session fee.
